# Stanley High School's French

## LEARNING JOURNEY

### Curriculum Intent

We believe that languages provide a way of breaking down cultural barriers and of allowing students to view their world from a different perspective.

Learning a language supports the whole school curriculum aims by enabling students to become successful and curious learners, resilient individuals and responsible and healthy global citizens. We aim to produce confident communicators, who wish to deepen their knowledge of the world.

Skills to Progress: Listen, Speak, Read, Write

In French we understand, produce and translate.
